MINUTES OF THE INFORMATION SESSION AND PUBLIC MEETING
LAWRENCE COUNTY COMMUNITY CENTER
LOUISA, KENTUCKY
MARCH 25, 2015 5:30 P.M.

A public information session and public meeting was held at Lawrence County Community Center in Louisa, Lawrence County, Kentucky, on March 25, 2015. Andrew Melnykovich, Director of Communications for the Public Service Commission, conducted the information session introducing the Commission and Commission Staff, and explained the procedure and protocol for the information session and the public hearing. Mr. Melnykovich then presented an overview of the legal basis, criteria and review process for the Commission's consideration of applications for proposed rate increases. The presentation included a general overview of the instant application, explained which aspects of this case are within the Commission's jurisdiction, and concluded with a question-and-answer period with Commission Staff.

At the conclusion of the information session and after a short intermission, Vice Chair Gardner, along with Commissioner Logsdon, initiated the public hearing portion of the meeting, providing a brief overview of the case at bar, the parties involved, and setting forth the procedure and protocol for the taking of comments. Vice Chair Gardner then invited the public to make comments to the Commission regarding Kentucky Power Company's ("Kentucky Power) application for an adjustment in rates to increase adjusted annual revenue by \$70 million. The following individuals spoke at the public meeting:

1. Jacob Colley: Mr. Colley is the President and Chief Executive Officer of the Southeast Kentucky Chamber of Commerce. He spoke only regarding the proposed economic development surcharge. Mr. Colley stated that he is in support of this proposed surcharge. He said that Kentucky Power has invested significant resources in the community's economy and supported local economic development. For these reasons, he fully supports the proposed economic development surcharge.

2. Tim Gibbs: Mr. Gibbs is the President and Chief Executive Officer of the Ashland Alliance, the Chamber of Commerce and Economic Development which serves Northeastern Kentucky. Mr. Gibbs spoke in favor of the proposed economic development surcharge. He described economic development as "the ultimate team sport" and noted the importance of having resources to support that team sport. He discussed benefits of a relationship with Kentucky Power Company for the local economy. Mr. Gibbs also discussed the importance of vegetation management in the region.

3. Terry V. Salyer: Mr. Salyer is the school energy manager and spoke on behalf of the Kentucky School Boards Association, and five school districts. He had “grave concerns” about the proposed rate increase. He is concerned about the many riders that Kentucky Power is proposing. Mr. Salyer stated that school districts should be regarded differently than other commercial customers. He also stated that there should be a different tariff or rider designed for schools only. He urged people to look at the \$300,000 allotted for the economic development surcharge and should compare that number to the requested \$70 million rate adjustment. He asked that the Commission consider doing something for the schools, and stated that such action would be of great benefit to the community and for the future.

No other member of the public wished to make a comment. The public hearing was then adjourned. All persons in attendance were asked to sign in and provide their home address for the record. The sign-in sheet is attached hereto as Appendix A.
